

December 09, 2025: Yes, They are Threatening to Kill Me

Is this dangerous? Yes. Donald Trump and Elon Musk are actively threatening to kill me.

I am being followed everywhere that I go, and I am being actively threatened in my home home - and around my home whenever I am outside.

Vehicles and people on bicycles regularly drive past my house with 'signs' indicating that they are a part of this criminal conspiracy and that I am being targeted.

Donald Trump is a terrorist that is threatening to kill innocent American citizens.

(I have already reported this to the FBI, the Secret Service, the Texas Rangers and the SAPD.)

This is all true and I am documenting this for the public to see what is really going on inside of the American mafia .. err. Politics.
